

GCMM 2026

Application for GCMM 2026 Special Sessions

Dear Researchers,

The Global Congress on Manufacturing and Management (GCMM 2026) invites you to submit innovative, high-quality, and potentially interdisciplinary proposals for Special Sessions. The subject of the Special Session should relate to one of the following areas:

- Production Engineering and Management
- Advanced Machining
- Advanced Materials and Forming
- Intelligent and Autonomous Robotics
- Quality Management Systems in Medical Device Manufacturing
- Optimization, Control, and Quantum Computing
- Biomedical Engineering and Medical Device Production Engineering

Special Session proposals should be prepared by at least three organizers, preferably from different institutions and countries. Each proposal will be evaluated by the Special Session Chairs based on the relevance of the topic and its potential to attract participants and generate original results.

Proposals to organize a Special Session should include the following information:

1. Title of the Special Session
2. Members of the Special Session Organizing Committee (minimum 3, maximum 5 people) – name, affiliation, mailing address, e-mail address, ORCID ID, and h-index (Web of Science)
3. Bibliographic data of the top 3 papers from each session organizer, reflecting their main area of interest
4. A brief description of the specific scientific scope of the Special Session
5. A list of topics of interest (maximum 10 topics)
6. A proposal for the Special Session Program Committee (minimum 10 people) – name and affiliation

Proposals and inquiries should be sent by e-mail by April 20, 2026, to Anna Burduk, anna.burduk@pwr.edu.pl
